

Ryan Samis, President and Member of the Safety & Technical Committee

Ryan was promoted to Manager of Geotech's Exploration division in 2011 after successfully growing the division since 2008. Ryan has orchestrated all aspects on several of Geotech's most significant projects including tendering, project preparation, purchasing, logistics/operations, human resources, invoicing and client liaison over the last six years. Ryan has completed drilling programs throughout Western Canada, the Canadian Arctic, The USA and South America.
